

Fast Pass Guide to Mission Preparation

We take pride in offering teachers a variety of resources to be used for meeting educational goals and preparing students for their interactive fieldtrip at the Challenger Learning Center.

We understand, however, that teachers are challenged to do a lot with little resources and time. With this in mind, we've created the *Fast Pass Guide to Mission Preparation*.

This guide can be used to focus your efforts, as we've highlighted 6 key areas important to student mission preparation. Preparation in each of these areas will enable your students to feel prepared and confident to execute successful, pride-inducing missions!
