Hon. Ed Soliday
Indiana State Representative, District 4

Dear Friend,

I am writing to request your support of the Challenger Learning Center's "Science in Motion" FUNDFair, to be held on **Thursday, May 30th, 2019** at the Hammond Sportsplex & Community Center in Hammond, Indiana. The Challenger Learning Center (CLC) is a nonprofit organization whose mission is to ignite student interest and cultivate career paths in science, technology, engineering and mathematics (STEM). Proceeds from the event will directly benefit the Challenger Learning Center and its students and teachers by providing educational programs and science equipment for simulated missions and labs. In order to continue this work and inspire children from all across Indiana and the Chicagoland area, we need *your* help.

This FUNDFair will feature raffles, trivia and sports themed fun and games as well as a silent auction. We are kindly requesting a donation of items or gift certificates from your business to be featured at our event in the silent auction. Estimated attendance for the event is 300, in addition to over 2,000 people that will hear about the event and the generosity of donors, like you, through CLC's social media platforms, website, e-newsletter and event materials.

Donations are tax deductible and may be dropped off or mailed to the center at the address above. You may also arrange for a pick up by calling (219) 989-3250. We hope to have donations no later than May 20th, 2019.

With sponsors like you, our event will be a success. We are truly grateful that local businesses choose to support organizations that strive to inspire and engage the students and the workforce of the future.

Sincerely,

Lara Bates
Executive Director
